# **Business Meeting:**

- Last year's guest speaker was Collections Stewardship AAM Chair Sebastian Encina on updates and changes to CS-AAM and how they can work together with the regional groups. We had approximately 21 in attendance at the virtual meeting.
- This year's guest speaker is Michael Suing, the Deputy Director of Public Programs and Special Projects at the National Music Museum, Vermillion. He is presenting on the care of musical instruments, including whether or not to play them.
- Inspired by ARCS Giveaway, for new/renewing memberships paid by March 1, 2021, we had a
  drawing for a copy of the new Museum Registration Methods 6th Edition. The winner was
  Michelle Gallagher Roberts, Deputy Director at the New Mexico Museum of Art. We have plans
  to do a similar drawing next year.

#### **Membership Report:**

- During the 2020 calendar year, we reported 150 members. However, possibly due to the
  economic stresses of the pandemic, the RC-MPMA finished the 2021 calendar year with a
  decrease to just 57 paid members. Of those 57 members, 8 were new members and 49 were
  renewing members.
- Membership dues paid past August 1, 2021, will be considered current through December 2022. We will be beginning a new membership drive in December 2021 for the 2022 calendar year.
- Payments continue to be easy with both PayPal and check options.
